

## **Newsletter 11/5/20**

Dear Parents,

I trust you all had a pleasant bank holiday and enjoyed the warm sunshine at the start of the weekend.

### **Future Plans from 1<sup>st</sup> June**

I am sure you will have watched with keen interest the Prime Minister's address to the nation last night. I wanted to keep you as well informed as possible with regard to our response.

The government believes we are in a position to implement a phased re-opening of schools on 1<sup>st</sup> June 2020 for pupils in Reception, Year 1 and Year 6. This is part of the government's conditional plan which will be under regular review, based on scientific evidence, meaning that schools will not automatically open on 1<sup>st</sup> June.

I am sure you have many questions. Rest assured the whole educational community awaits further guidance and once we have received this and considered the best way forward, we will be sharing our plans.

Meanwhile, the hub arrangement will remain open for the children of Key Workers and we will continue to support all parents with our home learning resources. Next week the facility will be at St. Margaret's Collier Street.

### **Home Education**

By the end of this week, teaching staff will be issuing some further learning resources to cover the time before May half-term. Following the holiday, work will then be issued every 2 weeks for Years 2-5. Obviously this arrangement is subject to review depending on school potentially reopening.

### **Keeping in touch**

Each week, all the staff are having a zoom staff meeting and it is good to hear of the communication with the class teachers using the class e-mail pages. Please do keep in touch and if you have any queries, send an e-mail. The office account continues to be checked frequently.

Best wishes,

Mr Ryan  
Associate Headteacher
